

Lewis E. Byrd, Jr.

Case no. 17-cv-191-jdp

Plaintiff,

v.

Brandon Arnez,

Defendant

Plaintiffs Reply for Extended
Briefing Deadline.

MR. BYRD lacks the knowledge to properly bring his case to the court. MR. BYRD has no high school diploma, and no understanding of law. He has made several request for legal assistance.

MR. BYRD's request for Discovery and extended Briefing deadline should be granted. IF MR. BYRD's request for legal help is denied then MR. BYRD should be granted more time and his discovery motion should be granted. MR. BYRD was also engaged in his other litigation BYRD v. VERNON COUNTY, and feels that defendant knowing this as a tactic had their case over lap the other. Further more, MR. BYRD lacks any discovery. Also, MR. BYRD is unsure if the prison will ever allow MR. BYRD to possess any such discovery. CD's of video cam footage, dash cam, body cam, 3D ROM'S of MR. BYRD's car, ect. or if the prison will even provide MR. BYRD with a place to view such video's needed for discovery. MR. BYRD's requesting council is nessacary. And MR. BYRD's request for an extention is nessacary, and Discovery. There are witness that need to be contacted and

Mr. Byrd can not do that from where he is.
with all due respect Mr. Byrd's motions should
be granted for extension of Brief, Discovery and
appointment of counsel.
